WORK EXPERIENCE

GLOW NEW MEDIA

Liverpool
August 2019 – August 2019

- Developed a website using ASP.NET MVC that allowed users to upload and display an image along with the EXIF data of the image
- Simulated the work that the company was working on – developing a system to allow doctors to view x-rays sent from other doctors

SIGMA TECHNOLOGY

Liverpool
January 2019 – March 2019

- Learned how to design and develop a website to the clients' preferences
 - Gained insight into how to run a web designer company
 - Improved presentation skills as I had to demonstrate what I had created at the end of the work experience
-
