Education

University of Bristol

September 2020 – June 2024

MEng (Hons) Computer Science:

- First Year: achieved a 2:1, including 77% in Imperative and Functional Programming and 80% in Object-Oriented Programming

Liverpool Blue Coat School – A Levels

September 2018 - June 2020

A*A*AB in Mathematics, Chemistry, Physics and Further Mathematics

Work Experience

Glow New Media - Intern

August 2019

Developed a website using ASP.NET MVC that allowed users to upload and display an image along with the EXIF data of the image, to simulate the work that the company was working on – developing a system to allow doctors to view x-rays from other doctors.

Projects

Online Whiteboard

2021

Created an online whiteboard for multiple users to join and draw in

- Used the Python framework Flask to create a server
- Used sockets to communicate between the server and the clients in real-time

Scotland Yard

2021

Created Scotland Yard using Java and created an AI for Mr X for First Year OOP Pair Programming Coursework

- Used many design patterns and strategies like Minimax and Dijkstra's Algorithm
- Worked in a team of 2 for Pair Programming
