HTML and CSS – expert
C# - advanced
JavaScript – advanced
Git – advanced
SQL – intermediate
Python – intermediate
PHP – intermediate
C – intermediate
Haskell - Novice

LANGUAGES

English, Cantonese, Mandarin, Spanish and French

WORK EXPERIENCE

GLOW NEW MEDIA - INTERN

Liverpool, August 2019 – August 2019

- Developed a website using ASP.NET MVC that allowed users to upload and display an image along with the EXIF data of the image
- Simulated the work that the company was working on – developing a system to allow doctors to view x-rays sent from other doctors
- Attended the company's weekly meeting and had to present my website at the end of the work experience

SIGMA TECHNOLOGY - INTERN

Liverpool, January 2019 – March 2019

- Learned how to design and develop a website to the clients' preferences, and learnt how to connect a website to a server using PHP
- Improved presentation skills as I had to demonstrate what I had created at the end of the work experience
- Learned how to run a small web designer company

EDUCATION

Meng (Hons) Computer Science

University of Bristol, September 2020 – June 2024

Currently studying the Integrated Master's course for Computer Science
